

# Wine Consulting Wine Shows Trade Fair Services

## Translation service of your web site and your info and presentation material

- You would like to present your products online market oriented and individually in Germany? We offer translation services of your web site and your brochures into German so that your individual message is clearly transported to your German target group.

After extensive studies in Bordeaux and Hamburg, I've been dealing for 15 years with the major wine regions of France. As a sommelier-consultant for internationally renowned hotels and companies, I am focussing on the optimisation of sales of Bordeaux wines and the sales-training of service staff.

Our company also organises professional wine trips to France.

I am a member of the Connétablie de Guyenne en Entre-Deux-Mers.
